

Principal's Corner

On Monday we welcomed some students back to school on a hybrid model. Seeing our students brought us joy. We have passed the one year mark that propelled us into a life changing pandemic, we can't help but to recall on the days before "social distance" and "wear a mask" were daily parts of our conversations. We recognize this year has been challenging for all. Family members have been teachers, play buddies and technology experts in a blink of an eye. Students have had to change their learning and social interaction. Teachers have had to master all that is associated with technology and effective teaching from afar. It's been a challenging year, and here we are, one year later, more resilient than we ever imagined.

It was inspiring to once more have our K-5 teachers and support staff working with our students. We now look forward to having all of our K-8 staff and students on campus.

Team Serna will continue to promote hope and persevere.

"Hope itself is like a star-not to be seen in the sunshine of prosperity, and only to be discovered in the night of adversity."

The JSJCS learning community extends a heartfelt and warm welcome to the new families. We promote the sense of community in the office, classroom, cafeteria, playground and everywhere you go on campus. We take great pride in providing the best support socially, emotionally and academically to all of our students. Our students and their families always feel welcome and included.

We look forward to meeting our new students and their families in the near future.
